About Asgard

■ Industry Reviews

Asgard Secure Steel Storage is a division of Flexiform Business Furniture Limited, a leading supplier of steel storage systems for over 50 years. Asgard can draw on a wealth of metal fabrication experience with a long history of engineering and manufacturing excellence.

With an unrivalled reputation for quality and innovation, you can be sure of our long-term commitment to supplying high-quality products, especially as all our sheds come with a free 10-year warranty! Our extensive range of metal storage has been reviewed and tested by leading independent industry publications, with many of our storage units being Police, Insurance, and UK Locksmith approved. Our gas bottle storage is the only Calor approved system available.

Asgard's reputation is built on quality UK manufacturing – all of our products are designed and manufactured in Yorkshire. They are made from heavy, galvanised (weatherproof) steel, featuring integral metal floors*, vented roofs and high-quality locking systems, ensuring long-term low maintenance outdoor storage.

All information in this brochure is accurate at the time of writing. Asgard reserves the right to amend product details without notification as part of our ongoing continuous improvement programme.

* Depending upon model

** Exclusions apply, remote areas may incur a charge

■ Customer Support

Help and advice are always at hand. Asgard has a team of Yorkshire-based customer service operators who are available with help and advice for all of our products and services.

Accreditations

Quality-assured British manufacturing

Asgard Storage (and sister company Flexiform) is a fully accredited British manufacturer, ensuring quality and ethical manufacturing practices. Our manufacturing is ISO 9001:2015 (quality), ISO 14001 (environmental) and ISO 45001 (health and safety) accredited and we are regularly audited to maintain these standards.

Asgard sheds are delivered on our own fleet of vehicles and all our drivers have undergone FORS training and are DBS-checked to ensure excellent standards of delivery and installations. Our installation teams are also Safe Contractor approved ensuring safe shed installations. We are also members of UK Logistics, a trade association providing us with the support and tools to keep our operations safe, efficient and compliant whilst delivering your shed.

In addition to our accredited operations as a business, our high-security products have been independently tested by the Loss Prevention Certification Board, UK Locksmith Association and are Secured by Design (Police) approved. Our gas storage is also designed in conjunction with Calor, ensuring a quality design.

Used by Athletes & Celebrities...

Famous Faces

Asgard sheds are industry leaders and have been tried and tested by professional athletes (as well as our customers, cycling fanatics, industry magazines, leading national newspapers and TV series' & more).

"I love the convenience and security of my Asgard storage. I have peace of mind that my bikes are safe, and I've got the space of four bikes back from my spare room!" - Katie Archibald MBE

We've been trusted to keep bikes safe for many professional athletes including Dame Laura Kenny and Sir Jason Kenny, Alistair Brownlee MBE, Ed Clancy OBE, Jody Cundy CBE to Made in Chelsea star Tiffany Watson, Philanthropist and Explorer Justin Packshaw, and Eastenders actor Matt Di Angelo.

"Since day one of coming across Asgard it's been nothing short of incredible. The customer service, the help in selecting the right storage unit for me and the support in that process has been a joy and privilege. The Asgard Access Plus is absolute perfection. The unit is amazing - it's versatile and strong - it provides me with all the requirements I need to store my bike and equipment but much more. Using the unit on a daily basis has really provided me with more than I knew I needed. I cannot recommend Asgard more for your secure bike storage needs." - Sam Brand, Professional Cyclist

■ Industry Reviews

Asgard sheds have been reviewed and tested in countless magazines over the years, and still continue to wow and impress cycling industry professionals, motorcycle professionals and more, offering unrivalled security to prevent bike theft. Here is just some of the excellent feedback we've received;

"If security is an issue, this is the one...I am converted." - Matt Hull, Ride

"All in all we have nothing but praise for the unit. Easy to use and something we wouldn't hesitate in recommending for keeping your pride and joy inside." - Descent World

"They are rugged, they are secure, and they are reliable. If you are spending a lot of money on your bike, the price of an Asgard price shed is pretty small in the context of that expensive bike purchase. Now, this might sound like an advert but let me assure you it's not. I paid for my Asgard with my own money, I believe in the product so much, that I'm on my second one now. It is the way to go to keep your bikes safe if you can't keep them in the house." - David Arthur, Just Ride Bikes

Asgard sheds aren't just highly rated by Celebrities and Industry professionals - they are also loved by DIY enthusiasts, gardeners, cyclists, bikers, holidaymakers and more! Click below to see the full list of magazines and organisations who have reviewed our sheds, or our customer reviews:

Asgard Shed Features

■ Why get an Asgard shed?

WHY METAL AND NOT WOOD?

One of the most common questions Asgard get asked is “Why should I buy metal when it will just rust? Why should I not buy a cheaper, wooden shed?” All Asgard sheds are made from thick, galvanised (weatherproof) steel and coated in a polyester powder coat paint. This combination of processes makes the steel not only weatherproof but exceptionally tough and durable. Asgard uses only zinc-coated (rust-resistant) screws for assembling our sheds, for better quality fixing and long life.

MAINTENANCE

Other than a periodic wipe-down and light oiling of the hinges, Asgard units are virtually maintenance-free. Unlike wooden sheds, no annual felting of the roof, repainting, rotten panels, leaks or doors blown off in the wind. You can find out how to maintain your shed [here](#).

WEIGHT

Good quality metal sheds are heavy. Asgard sheds are made from thick steel and include an integral metal base**, so an Asgard shed is **very** heavy! With weight comes quality and security, our sheds can weigh over 100 stone** so you can be sure of strength and security. You can choose to fix your unit to the floor using our (included) ground fixing kits, giving you the maximum security for your tools and equipment. On average our units are 5 times heavier than the equivalent sized product from other companies.

SECURITY

Our metal shed has a metal roof and metal doors - a wooden shed is weak in comparison and can be simply “kicked” in. All Asgard sheds have hidden fixings with most models featuring all-metal floors that can be bolted to the ground ensuring 360 degree protection around your belongings. There are 3 levels of Asgard shed security; 3-point locking, 5-point locking and 5-point locking with reinforced panels, doors and welded hinges making it Secured by Design (Police) approved, LPCB level 1 certified and UK Locksmith approved. In addition to these excellent security features, all our sheds (excluding Access/Maxess models) feature a pick-and-drill resistant locks rated to EN1303, the highest tested level of durability, temperature and corrosion resistance. Our handles are even designed to snap off in an attempt of an attack, preventing entry.

WARRANTY

All Asgard storage are covered by a 10 year anti-perforation warranty*, giving you the confidence that your Asgard unit will provide you with many years of secure storage. Please note handles are not covered in the warranty as they are designed to shear off in an attempted break in.

■ Key Features

- 1 Galvanised Steel - tough construction making all of our sheds secure, weatherproof & low maintenance.
- 2 Unique Shed Ventilation - a unique shed ventilation system helps maintain airflow inside even when the unit is locked, so minimises the build-up of condensation inside the unit.
- 3 Pick-and-Drill Resistant Locks** - fitted to most Asgard storage units to provide the best possible security.
- 4 Easy Assembly - simple step-by-step instructions for easy home assembly (installation service is also available).
- 5 Accessories - pre-drilled for a range of storage accessories including shelving, hooks, wooden subfloors and more.
- 6 Integral Metal Floor - adds strength and stability to the units providing even more security.
- 7 Approved Storage - Asgard storage is UK locksmith-approved, insurance-approved, Police Preferred, and industry-approved!*
- 8 Made in the UK- designed and made right here in the UK with a 10 10-year warranty* supplied as standard.
- 9 No Exposed Screws - no exposed external fixings or sharp edges making Asgard sheds both secure and safe.

*Excludes hinges (2 year warranty) and locks (12 months)

Vertical Bike Locker x1

Store Your Bike Upright

The Vertical Bike Locker stores your bike in the smallest of places; by storing the bike on the back wheel you use less floor space freeing up valuable garage or garden space. The entire locker bolts to the ground for increased security, and with the integral ventilation system condensation is kept to a minimum.

"Quality is superior to anything else." - Jimbo

Inside this thick weatherproof steel unit is an easy access guide ramp and a wheel retaining clamp. Simply open the heavy-duty door and push the bike into the wide guide rail. Your front wheel lifts over the wheel retaining hook and then drops into position clamping the bike wheel into place. It's that simple, your bike is now safely stored! For convenience, store your helmets and gear on the internal hooks, keeping all your riding gear safe and dry.

[Buy the Vertical Bike Locker](#)

Vertical Bike Locker Features

- Stores 1 bike vertically with the option to bolt units together.
- Integral wheel guide and loop.
- Large right-hand opening door for easy use.
- Integral floor with space for cycling accessories.
- Tough 3-point locking system with pick-and-drill resistant lock.

Asgard Features

- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Green, grey or ivory finish, suitable for every exterior decor.
- Supplied with a free 10-year warranty as standard.*
- Integral full metal base with fixing kit to secure to the ground.
- Low Maintenance with no repainting required.
- Internal fixings with no externally exposed fixtures.

Twin Bike Locker x2

Compact Bikebox For Two Bikes

The Twin Bike Locker is designed to store 2 bikes securely in a small footprint and is ideal for areas where space is restricted but bike security is still important. The Locker is accessed from the end, so the width of the unit is kept to a minimum - ideal for use down the side of a house or flat. With 2 hooks included, the Twin Bike Locker is an ideal commuter bikebox.

"It's well manufactured, safe and strong, even with two bikes inside there's enough room for some power tools" - Dave

The unit is made in the UK from tough galvanised (weatherproof) steel featuring a tough 3-point pick-and-drill resistant locking system and has been designed to be bolted to a concrete base, preventing thieves from lifting the 15-stone locker away. A stylish vented front allows air to flow inside and keeps condensation to a minimum keeping your bike, helmet and bag dry.

Cycle Locker x2

Compact Bikebox For Two Bikes

The cycle locker is the perfect way to store one or two bikes securely outside your home or business. This compact cycle store is a more secure alternative to the traditional bike rack, with an integral heavy-duty door and full metal base. This entire cycle shed is made from super tough, galvanised metal, offering a stylish and weatherproof way to store your bike.

This secure bike locker is fitted with the same ultra-tough 3-point locking system as our larger bike sheds with 8mm steel locking bars. Our handles are designed to shear off during an attempted attack and are fitted with EN1303-rated durable, corrosion, temperature, and pick-and-drill resistant lock. This cycle locker features the same full metal floor (integral) as our approved sheds, featuring a braced and reinforced roof and our usual high-quality finish and heavy-duty ground fixing kit for maximum security, strong up to two bikes*.

[Buy the Cycle Locker](#)

Cycle Locker Features

- Stores 2 bikes.

Double-Ended Bike Shelter x2 Independantly stored

Store Two Bikes Separately

Our Double-Ended bike storage unit is the perfect way of storing 2 bikes separately in a secure manner within the same unit. Designed as a space-saving storage unit, the Double-Ended shelter is ideal for areas where space is restricted but bike security is important. Unlike other bike stores, this bike shelter is accessed from both ends so the size of the unit is kept to a minimum and is ideal for use down the side of a house or flat.

"Ideal in the shared space of a subdivided house or block of flats, bridges the gap between the cut price domestic sheds and the more expensive commercial designs" - A to B Magazine

The two independently locking doors (3-point pick-resistant locks on each door), a tough steel internal division, and internal locking points ensure that two bikes can be secured independently - perfect for communal areas or shared accommodation.

[Buy the Double Bike Shelter](#)

Double Bike Shelter Features

- Stores 2 bikes independently with the option to bolt units together.
- Large right-hand opening doors for easy use.
- Additional internal cycling locking points for security.
- Tough 3-point locking system with pick-and-drill resistant lock.
- Secure the unit to the ground (fixing kit included).
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.

Sentry Bike Shed x2

A Walk-In Shed Designed for Small Spaces

If you have limited space available outside your house or flat, the 3ft x 7ft* Sentry Bike shed could be the shed for you! This ultra-slim bike store will fit 2 bikes and all of your riding gear, in a safe and secure manner. At an impressive 140kg in weight, the Sentry Bike Shed features a tough 3-point locking system, with a pick-and-drill resistant locking system, integral metal floor, and internal steel deadbolts for maximum bike security.

The Sentry is a fully weatherproof (rust-resistant, galvanised metal) bike storage shed, with a dual ventilation system for increased airflow inside the unit, keeping the contents of your bike shed dry by minimising condensation. This all-metal, weather-resistant bike shed has been designed to keep your bikes safe, secure and dry, no matter what the weather. The Sentry shed is now available with and without an electric mounting power for adding power to your shed.

Access Plus Bike Shed x4 bikes or x3 e-bikes

Low Shed with Lift-Up Lid

The Access Plus allows you to store larger bikes (29ers) with all your riding equipment. The Access Plus range is a tough all-metal storage unit designed to give you the easiest possible access to your bikes and riding equipment via two large reinforced doors and a gas-lift reinforced lid.

Manufactured from heavy gauge galvanised (weatherproof) steel, the Access Plus range features a full metal floor (can be bolted to the ground), a 3-point locking system (shrouded padlock system with internal steel deadbolts on the doors), and a hidden ventilation system allows airflow inside, designed to keep condensation to a minimum. The Access Plus is designed to hold up to 4x 29" bikes*, whilst the Access E Plus has the same great features and footprint but with an electric mounting plate and grommet for adding electrics to your shed. Great for storing up to 3 e-bikes!

Access Plus Shed Features

- Low shed design with wide double door access and lift-up lid.
- Tough 3-point locking system with stainless steel shrouded twin locks designed for own padlocks (level 8 recommended).
- Gas-assisted lid with easy-grip handle.
- Available with an additional electrical mounting plate and grommet for adding electrics to your shed (Access E Plus).
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Integral full metal base with fixing kit to secure to the ground.
- Green, grey or ivory finish, suitable for every exterior decor.
- Supplied with a free 10-year warranty as standard.*
- Low Maintenance with no repainting required.
- Internal fixings with no externally exposed fixtures.
- Easy self-assembly or Installation service is available.

This unit requires 100mm at the rear for the lid to open.

Maxess E Pro Bike Shed x2-3

Designed for "Sit Up and Beg" Ebikes

The Maxess E Pro is designed for storing the next generation of electric bikes. This extra high, multipurpose "walk-in" storage unit is ideally suited for the larger/ oversized "sit up and beg" style e-bikes. This spacious bike unit has been designed with a higher front and back than our Access Plus bike shed, but with the same compact (garden-friendly) footprint. The extra height makes this bike shed perfect for even the largest bikes.

"The quality is great and I have a great peace of mind having my bikes in there as it feels super secure." - Alice Barnes.

Get easy access to your bikes through the heavy-duty, reinforced (with steel tube) double doors and the reinforced (gas assist) lift-up lid giving a huge 1.6m wide opening. This weather-resistant (galvanised metal) ebike shed features two electric mounting plates and grommets for adding power to your shed - perfect for charging ebikes and equipment.

[Buy the Maxess E Pro Shed](#)

Maxess E Pro Shed Features

- Extra high shed with wide double door access and lift-up lid.
- Tough 3-point locking system with stainless steel shrouded twin locks designed for own padlocks (level 8 recommended).
- Gas-assisted lid with easy-grip handle.
- Electrical mounting plate and grommet for adding power.
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Integral full metal base with fixing kit to secure to the ground.
- Green, grey or ivory finish, suitable for every exterior decor.
- Supplied with a free 10-year warranty as standard.*
- Low Maintenance with no repainting required.
- Internal fixings with no externally exposed fixtures.
- Easy self-assembly or Installation service is available.

This unit requires 100mm at the rear for the lid to open.

Gladiator Bike Shed x10

Police Preferred Shed for 10 Bikes

The Asgard Gladiator Cycle Storage x10 has it all - large capacity, Police Preferred security and low-maintenance construction! Made from thick heavy gauge galvanised (weatherproof) steel, this shed measures 2.2m wide x 3.3m deep with double door access, offering ample space for 10 bikes plus cycling maintenance gear. The 18 gauge steel results in the Gladiator Cycle Store x10 weighing in at an incredible 441kg - the weight adds to its security as it isn't going to budge, not even for the UK's harshest and windiest weather or a thief trying to prise the shed from underneath.

The Gladiator Cycle Store has impressive security features including a 5-point locking system which is made up of two 10mm heavy-duty deadbolts, a dual locking bar and an EN1303-rated pick-and-drill resistant lock, protected on the inside from a shroud. The lock also features a handle which is designed to snap off in an attack to prevent entry!

Garrison Cycle Workshop/ Bike Shed x16

Extra Wide Workshop & Bike Shed

The Asgard Garrison Cycle Workshop & Garage measures 10ft 2" x 10ft 9" deep and weighs in at around 99 stone (628.4 kilos). With an internal apex roof height of 6ft 8" and double doors, the workshop gives ample space to manoeuvre whilst working. This cycle workshop features a series of electrical mounting plates and grommet access points inside for adding power, ideal for charging your lights and helmet cams and storing and tinkering with your bikes, all in one place.

As with all Asgard products, this huge bike storage workshop is designed and made in the UK from reinforced, galvanised (weatherproof) steel panels with an integral, built-in full metal floor (that can be bolted down for further cycle security) further enhanced with 5-point locking double doors and EN1303-rated pick-and-drill resistant locks. The Garrison Cycle workshop and garage is designed to become a fully functional workshop as well as an enormous high-level bike storage garage.

Small Tool Storage

The Asgard Secure Store is a great value, 5 x 3 metal garden shed. Fully ventilated to reduce condensation, this shed is built from weatherproof (galvanised) steel panels with an integral metal floor and large double door access.

"This is a serious bit of shed, well made delivered on time all the bits were there. Great stuff" - Cheapskate

This garden storage unit is an ideal secure home for all of your everyday garden essentials, tools, toys and more. Inside the Secure Store, you can be sure your items will be kept safe, yet instantly accessible via the 170-degree wide opening doors. To protect your stored items from theft and help keep them safe, the secure store shed is fitted with a tough 3-point locking system and features a pick-and-drill-resistant euro cylinder lock with an internal deadbolt (for extra secure storage).

Addition Shed 6ft x 3ft

Used by Horticulturist Becky Searle

The Asgard Addition is a medium-sized 6 x 3 all-metal garden shed providing secure outdoor storage of your garden tools and equipment. This unit is an ideal secure store for your more expensive gardening equipment which you need to remain secure, yet require regular access to.

"I'll never be able to go back to a wooden shed now, I can't believe how easy it was to put together and how wonderfully waterproof it is too! Very happy customer here!" - Becky

The Addition shed is fully ventilated to reduce condensation inside and is built from our tough, galvanised (weatherproof) steel with an integral metal floor. With convenient large double door access, a 3-point pick-and-drill resistant locking system and weighing in at 103kg (16.3 stone), the Addition garden store is an exceptionally secure and versatile storage unit providing excellent weatherproof protection for your gardening equipment.

Addition Shed Features

- Low shed design with wide double door access.
- Door handling can be changed by the user.
- Tough 3-point locking system with pick-and-drill resistant lock.
- Integral over-door weather guard.
- Integral shed ventilation keeps equipment dry.

Annexe Shed 6ft x 3ft

Used by Made in Chelsea's Tiffany Watson

The Annexe high-security garden shed from Asgard is a Police Preferred (Secured by Design), Locksmith and LPCB-approved maximum security garden shed. If you are in a high-risk area where security is an issue, or you just enjoy peace of mind, you'll need maximum protection for your tools and equipment.

"So happy with our Asgard Annexe Bundle. The team were really helpful and installed the shed with no issues. We feel so much safer now having this, especially as it's Police Preferred"

- Tiffany Watson

The Annexe features a ventilated design to reduce condensation and is built from very thick, heavy gauge galvanised steel panels and features a heavy-duty integral metal floor, 5-point locking system, welded hinges and reinforced double doors - for even more security the Annexe is supplied with heavy-duty ground bolts, allowing you to secure the shed to the ground.

Annexe Shed Features

- Low shed design with wide double door access.
- Door handling can be changed by the user.
- Tough 5-point locking system with pick-and-drill resistant lock.
- Reinforced panels and doors with welded hinges.
- Secured by Design (Police Preferred), LPCB & UK Locksmith approved.
- Integral over-door weather guard.
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Integral full metal base with fixing kit to secure to the ground.
- Green, grey or ivory finish, suitable for every exterior decor.
- Supplied with a free 10-year warranty as standard.*
- Low Maintenance with no repainting required.
- Internal fixings with no externally exposed fixtures.
- Easy self-assembly or Installation service is available.

Access Shed 7ft x 4ft

Low Shed With Lift-Up Lid

The 7 x 4 Access is an all-metal garden shed designed to give you the easiest possible access to your garden tools and equipment. A heavy-duty integral metal base, two large (reinforced) doors and a reinforced gas lift lid give the shed excellent flexibility for storing large garden items.

"... worth every penny! If you want peace of mind while you're at work or on holiday then get an Asgard." - Andy

The Access garden store has a tough 3-point locking system, combining security-rated level 8 padlocks (recommended) with internal steel deadbolts and solid steel lock shrouds. The gas lift lid coupled with large double doors gives easy access to all of your garden tools and furniture. This fully ventilated shed reduces condensation inside keeping items safe and dry.

Access Plus Shed 8ft x 4ft

Low Shed With Lift-Up Lid

The Access Plus is an 8 x 4 metal garden shed boasts both storage space and security. Made from weatherproof galvanised heavy gauge steel, this 8 x 4 shed is tough, yet easy to navigate in and out of.

"I would recommend this shed to anyone, great. Fun to put together, like a big Meccano set." - Robert

Featuring an easy-to-use gas-powered lift-up lid and double front door access, you can easily put your lawnmower and garden tools inside and not have to worry about tripping up over things. With an integral metal base and unique roof ventilation system, condensation is kept to a minimum as air is able to flow within the shed despite it being locked. The integrity and security of the Access Plus garden shed is strengthened through the reinforced doors and level 8-rated padlocks (optional).

Gladiator Shed 7x11

Police Preferred Garden & Tool Storage

The Gladiator Plus 1 is one of the largest "off the shelf" metal garden shed measuring 7x11 feet. Suitable for storing high-value gardening tools and equipment securely, this shed, which is built from thick gauge, galvanised steel is a must-have storage unit for the security-conscious homeowner, who has large items to store.

"Finish -10/10. Building quality -10/10. Robustness -10/10. Accessories range -10/10. Client satisfaction -10/10" - Eddie

When you're storing expensive items in your shed, some of which are electrical items, it's important they are not affected by weather conditions or the build-up of condensation inside the shed. This all-purpose metal storage shed is Locksmiths, Police (Secured By Design), and Loss Prevention Certified (to level 1). With this level of secure testing, you can be assured of quality and security.

Bestselling Motorcycle Storage Unit

The Police Preferred (Secured by Design) Centurion Motorcycle Garage is built from thick, heavy gauge, galvanised (weatherproof) steel panels, featuring a built-in heavy-duty metal floor giving unequalled strength and security.

"It is perfect, being tall enough that I do not have to duck when wheeling the bike in, and wide enough to go straight back in one go - believe you me, a welcome change from fighting to get it into a standard shed!" - Wilf

This bike garage offers excellent motorcycle security with reinforced panels, a 5-point (Locksmith approved) locking system, a pick-and-drill resistant lock and a full metal base, which can be bolted to the ground. A unique vent system is built into the roof and sides, allowing exhaust fumes to escape and keeping condensation to a minimum.

Centurion Shed Features

- Walk in shed with full-width double door access.
- Tough 5-point locking system with pick-and-drill resistant lock.
- Reinforced panels and doors with welded hinges.
- Secured by Design (Police Preferred), LPCB & UK Locksmith approved with a discount on motorcycle insurance (Bennetts).
- Complete with ramp, wooden subfloor, hookrail and shelf.
- Electrical mounting plate and grommet for adding power.
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Integral full metal base with fixing kit to secure to the ground.
- Green, grey or ivory finish, suitable for every exterior decor.

Gladiator Shed 7x18

■ XXXL Motorcycle Garage for up to 4 Motorbikes

The Gladiator Motorcycle Garage is a 7ft x 18ft metal shed specifically designed to store multiple motorcycles and riding accessories safely and securely. Manufactured in the UK from thick reinforced galvanised (weatherproof) steel and weighing in at over 101 stone, this motorcycle storage is independently tested and certified by LPCB (level 1), UK Locksmith Association, and is Police Preferred (Secured by Design).

The Gladiator shed makes a superb motorcycle storage solution due to its double doors, access ramp, and extra width, making it easy to manoeuvre multiple motorcycles in and out. To ensure your motorcycle stays safe and dry, we've added hidden vents to help maintain constant airflow inside the unit, reduce condensation, and allow fumes to escape. This shed benefits from approval from many Insurance companies such as Lexham and Bennetts. Considering it to be the "equivalent of a brick garage"- but no planning permission required*

Sentry Shed 3ft x 7ft

Designed For Small Spaces

weatherproof shed designed for storing all of your fishing equipment including storage boxes, fishing pole bags, nets, tackle boxes and more. Measuring 3ft 6" wide x 7ft 4" deep x 6ft 4" high, this thin shed is perfect for the side of the house or tight spaces and is tall enough for most people to easily walk in and manoeuvre around.

Manufactured in the UK from heavy-duty galvanised (weatherproof) steel, the Sentry is a low-maintenance, heavy-duty shed with a 10-year anti-perforation warranty, and features an integral metal base allowing you to anchor your shed to your level patio base. With it weighing in at 22.8 stone, you can be confident it won't move in extreme weather or be pried up from the floor by thieves. For added security, this fishing store features a 3-point locking system with an EN1303-rated durable, corrosion, temperature and pick-and-drill resistant lock.

Sentry Shed Features

- Compact design suitable for small spaces with a single door.
- Tall walk-in shed with an internal apex height of 6ft 2".
- Tough 3-point locking system with pick-and-drill resistant lock.
- Additional front ventilated fascia to maintain airflow.
- Complete with 2 shelves, 5 hooks and 10 eyelets.
- Integral shed ventilation keeps equipment dry.
- Made from strong, thick, galvanised (weatherproof) steel.
- Integral full metal base with fixing kit to secure to the ground.

Small Caravan Park Storage

The Secure Store is a fantastic small shed measuring 5ft x 3ft with full-width double doors, making it an ideal secure home for all of your holiday home/ caravan items such as patio furniture and BBQs all year round. As with all Asgard sheds, the small shed is built from weatherproof (galvanised) steel with an integral metal floor that interlocks with the main shed body adding additional weight and security to the unit.

"The service we received from ordering to delivery was excellent and we will be happy to recommend Asgard to anyone who asks." - Keith

Around the eaves, the Asgard ventilation system helps to increase airflow inside the shed even when fully locked, reducing the build-up of condensation. The Secure Store is fitted with a 3-point pick-and-drill resistant lock.

Secure Store Features

- Double door access to maximise space.
- Rear-sloping roof to drain water away.
- Integral floor with fixing kit for securing the unit to the ground.
- Tough 3-point locking system with pick-and-drill resistant lock.

Cycle Locker x2

Compact Bikebox For Two Bikes

The cycle locker is the perfect way to store one or two bikes securely outside your home or business. This compact cycle store is a more secure alternative to the traditional bike rack, with an integral heavy-duty door and full metal base. This entire cycle shed is made from super tough, galvanised metal, offering a stylish and weatherproof way to store your bike.

This secure bike locker is fitted with the same ultra-tough 3-point locking system as our larger bike sheds with 8mm steel locking bars. Our handles are designed to shear off during an attempted attack and are fitted with EN1303-rated durable, corrosion, temperature, and pick-and-drill resistant lock. This cycle locker features the same full metal floor (integral) as our approved sheds, featuring a braced and reinforced roof and our usual high-quality finish and heavy-duty ground fixing kit for maximum security, strong up to two bikes*.

Outdoor Planters

Outdoor Planters to Zone Areas

Asgard's outdoor metal planters are an excellent addition to any modern garden. As with all Asgard products, our outdoor trough planters are made from heavy-duty galvanised (weatherproof) steel coated in outdoor, (weather-resistant) powder paint, for a durable and long-lasting finish. Featuring a fully welded and dressed high-quality finish, our planters are premium quality planting troughs designed to look amazing in any environment. Our Planters feature feet levellers and a counterbalance tray option for optimum placement and stability even in windy areas.

"Smart & modern planter - I love it!" - Katherine

All of our planters feature a 150mm tall, galvanised (rust-resistant) internal metal tray with drainage holes for excess water to drain away and help to prevent over-watering. The trays are either 690mm or 890mm wide (depending on the planter model).

Outdoor Planter Features

- Plain or slatted design to suit all gardens.
- Galvanised steel construction.
- Available in 3 colours: Black Quartz, Copper Quartz (Corton effect) and Asgard Grey Leatherette.
- Available in 2 widths - 700mm and 900mm.
- Height adjustable feet to level your planters.
- Internal metal trough to save on compost.
- 10-Year Warranty
- UK designed and manufactured.
- Optional counterbalance tray for extra stability.
- Drainage holes allow excess water to drain away.
- Delivered fully assembled ready to use.
- Made from Welsh Steel with 30% recycled content.
- 99% Recyclable Product
- Free UK Mainland Delivery*.
